**Warning! Below are real, anti-Semitic & hate-fueled messages  
ADL has received...**

## **You & ADL: On the Front Lines Against Hate**

**FIGHT HATE FOR GOOD**

Dear Amelia,

What you are about to read might disturb you. These are real messages ADL has received, and they are just a sampling of the hateful attacks we see on a regular basis.

*"We know what you filthy Jews are up to!" ... "You dirty Jew rats literally destroy every society that you infiltrate!" ... "Wait and see till the real massacre of your disgusting people come at your doorstep!"*

I'm sharing these terrible words so you can see, firsthand, what it looks like to be on the front lines against hate. That's important because...

**Amelia, you fight  
alongside ADL in this  
battle, every day, through  
your generous support!**

And I hope you'll [stand with us once more this year with your gift of \\$50, \\$75 or \\$100,](#)

knowing that this is the kind of hate you and I are committed to ending:

*“Hitler was right about you dirty lying Satanic Jews... The only way for there to ever be lasting peace on this planet Earth is when all Jews are killed...”*

**The people who send us these messages want to intimidate us. They think they can scare us into going away. *They couldn't be more wrong!***

We will not rest while this sort of hate-filled, anti-Semitic, bigoted, violent language proliferates around the world, online and in our own communities. **No, these messages do not intimidate us... *they motivate us!***

If they motivate you as well, please [take action and Fight Hate For Good today.](#) with ADL. Together, we will prevail against anti-Semitism and hate!

Fight Hate for Good,

P.S. Keep an eye out over the coming weeks. I'll be sending [you some important updates about ways you are on the front lines against hate through your support of ADL.](#) Thank you!

**FIGHT HATE FOR GOOD**

Dear Amelia,

You don't know my name. And you never will.

That's because the people I find and track online — names you might know, like Corbin Kauffman and Michael Finton, white nationalists, terrorists in the making — would like to know my name. Those in the public who know of me call me the Savant, a reference to my level of skill and instinct for this work. **I am truly on *the front lines against hate*, and I live in obscurity to avoid a target on my back.**

Today, however, I want to break my silence for a moment. I want to say, "Thank You."

**You are also on the front lines  
against hate. Supporters like  
you make work like mine**

possible. Your gifts to ADL [stop men like Kauffman and Finton before they can carry out the violent acts](#) they are planning from online chatrooms and on social media.

KingShekels, a.k.a. Corbin Kauffman (via Twitter)

When you [send your next gift to ADL today](#), you'll support an organization that is effectively combatting hate — anti-Semitism, discrimination, domestic terrorists — every single day.

**Who am I?** I'm the woman who stops mass shootings before they happen. I find violent extremists online, determine who the real threats are and work with law enforcement to stop them before they kill. I am a former Marine and former police officer. I spend every day of my life digging into the shadows of the internet to find the real people who are real threats.

Investigators at ADL's Center on Extremism like myself fill a vital gap in the fight against hate, doing a job that is essential to protect American lives. **We do a job that no one in the government or law enforcement has the time and resources to focus on.**

**[Without people like you, without ADL, more violent extremists would stay safely below law enforcement's radar, their hate festering online, until it is too late.](#)**

Thank you for standing with me [on the front lines against hate with your support](#) today.

Sincerely,

Anonymous

Online Investigator at ADL's Center on Extremism

**P.S.** Very few people can do what I do. Very few people have this kind of expertise and specialization. I recently consented to be interviewed for a major magazine. You can [read the article about my job](#) to know I am not exaggerating — and to know just how critical [your support of ADL and our Center on Extremism](#) is today.
